Energy Sector

1. *February 10, Lancaster Online* – (Montana) **PPL to close coal-fired power plant in Montana.** PPL Montana announced February 10 that it will permanently retire its J.E. Corette Power Plant in Billings in August after re-evaluating a 2012 decision to potentially restart the plant if power market conditions improved.

Chemical Industry Sector

2. *February 11, Tulsa World* – (Louisiana) **Tulsa-based Williams Partners has restarted Louisiana plant damaged in 2013 explosion.** Williams Partners announced February 10 that its petrochemical plant in Geismar, Louisiana, is back online after the company rebuilt and expanded the facility following a 2013 explosion that destroyed much of the plant and forced it to shut down. Williams Partners plans to produce up to 1.95 billion pounds of ethylene per year and is currently selling the chemical.

3. *February 10, U.S. Environmental Protection Agency* – (Missouri) **EPA Inspections Reveal Hazardous Waste Violations at ABC Labs of Columbia, Mo. U.S.** Environmental Protection Agency (EPA) officials from Region 7 issued \$19,040 in penalties against Analytical Bio-Chemistry Laboratories, Inc., (ABC Labs) to resolve alleged violations of the Resource Conservation and Recovery Act related to the storage and handling of hazardous waste at the company's 2 facilities in Columbia, Missouri. An EPA investigation revealed that ABC Labs failed to conduct weekly hazardous waste inspections, omitted emergency contact information within a contingency plan, and provided improper training in hazardous waste management procedures.

Food and Agriculture Sector

10. *February 10, U.S. Food and Drug Administration* – (Texas; North Carolina) **Hines Nut Company, Dallas, TX announces voluntary recall of walnut halves and pieces due to possible health risk.** The U.S. Food and Drug Administration reported February 10 a voluntary recall for Hines Nut Company-packaged walnut halves and pieces sold by Gold State Nut Company of Biggs, California, due to possible Salmonella contamination. The affected product was packaged under the Hines Nut and Harris Teeter Farmers Market brands and sent to distributors in North Carolina and Texas. Source: <http://www.fda.gov/Safety/Recalls/ucm433797.htm>
11. *February 10, U.S. Department of Agriculture* – (International) **Canada firm recalls poultry products produced without benefit of import inspection.** The Food Safety and Inspection Service announced February 10 that Sunrise Poultry Processors of Alberta, Canada, recalled about 2,705 pounds of poultry products that were not at the U.S. point of entry for inspection, posing possible health risks. The affected product was shipped to retail locations in Washington. Source: <http://www.fsis.usda.gov/wps/portal/fsis/topics/recalls-and-public-health-alerts/recall-case-archive/archive/2015/recall-029-2015-release>
12. *February 10, U.S. Food and Drug Administration* – (National) **Spiceco extends an allergy alert on undeclared peanut allergen in 5 oz. containers of Pride of Szeged Sweet Hungarian Paprika lot # 091717PAHU05PS.** The U.S. Food and Drug Administration reported February 9 that Spiceco of Avenel, New Jersey, issued a recall for 5-ounce containers of its Pride of Szeged Sweet Hungarian Paprika due to the

potential for undeclared peanut allergen. The problem was detected during routine retail food product sampling by the Tennessee Department of Agriculture.

Water and Wastewater Systems Sector

13. *February 10, Tampa Bay Times* – (Florida) **Cleanup continues after sewage spill in west Pasco.** Pasco County Utilities continued to repair and clean February 10 after a 12-inch force main broke February 9 and spilled more than 1,000 gallons of sewage in the area of Holiday Lakes, Key Vista, and Aloha Gardens which are adjacent to a canal. A utility representative announced plans to contact the Florida Department of Health and the Department of Environmental Protection concerning the spill and that water samples in the area will be taken and reported.

Source: <http://www.tampabay.com/news/localgovernment/cleanup-continues-after-sewage-spill-in-west-pasco/2217116>

14. *February 10, Orange County Daily Pilot* – (California) **Sewage spill closes part of Little Corona Beach.** Orange County Healthcare Agency officials closed a stretch of Little Corona Beach in Newport Beach to swimmers and others February 9 until further notice after a clogged sewage line spilled 1,500 gallons of waste. An undetermined amount of sewage spilled into the water where officials are testing contamination levels.

Source: <http://www.dailypilot.com/news/tn-dpt-me-0211-sewage-spill-20150210,0,3940177.story>

15. *February 10, Reuters* – (Idaho City) **Idaho town under indefinite order to boil water to prevent illnesses.** The Idaho Department of Environmental Quality ordered about 500 Idaho City customers February 10 to boil water indefinitely due to unsafe levels of turbidity that are likely to contain harmful parasites and bacteria such as cryptosporidium and strains of E. coli. The turbidity in the water system is linked to recent heavy rainfall and snowmelt that increased runoff and debris in a surface water source.
